Top-up cap amount: Investor has an option to cap the SIP Top-up amount once the SIP installment (including Top-up amount) reaches a fixed predefined amount.

Thereafter the SIP installment will remain constant till the end of SIP tenure.

Top-up cap month-year: Investor has an option to provide an end date to the SIP Top-up amount. It is the date from which Top - up to the SIP installment amount will cease and the SIP installment will remain constant till the end of SIP tenure. If none of the above options for Top-up cap is selected by the investor, the SIP Top-up will continue as per the SIP end date and Top-up amount specified by the investor.

Illustration 1: How to fix Top-up cap amount?

SIP Period: 01-Jan-2023 to 01-Dec-2027 (5 Years)

Monthly SIP Installment Amount: ₹ 2,000

SIP Date: 1st of every month (60 installments)

Top-up Amount: ₹ 1,000

Top-up Frequency: Yearly

Top-up cap amount (including SIP Installment): ₹ 5,000

It may be seen in the above illustration that after 1-Jan-2026 (the pre- defined Top up cap month-year), the SIP installment amount remains constant.

The AMC / Trustee reserves the right to change the terms and conditions of this facility at a later date on a prospective basis. The AMC / Trustee reserves the right to withdraw the SIP Top-up facility.

SIP PAUSE FACILITY

The Fund offers Systematic Investment Plan (“SIP”) Pause facility (“the Facility”) for investors who wish to temporarily pause their SIP in the Schemes of the Fund.

The terms and conditions of the Facility are as follows:

1. This Facility is available for SIPs with Monthly and Quarterly frequencies.
2. The maximum number of installments that can be paused using this facility are 3 (three) consecutive installments for SIPs registered with Monthly frequency and 1 (one) for SIPs registered with Quarterly frequency. Thereafter, automatically the balance SIP installments (as originally registered) will resume.
3. SIP pause requests should be submitted at least 15 days before the requested start date.
4. SIP Pause once registered cannot be cancelled.

5. The Investor understands and acknowledges that the SIP Pause facility is merely a transaction related facility offered by the Company; and the Investor unconditionally and irrevocably agrees that the AMC or Fund will not be liable for:

- (i) acting in good faith on any instructions received from the Investor;
- (ii) any force majeure events that are beyond the control of any person; and
- (iii) any error, default, delay or inability of the AMC or the Fund or its Agents to act on all or any of the instructions from the Investor. The Investor hereby assumes and undertakes the entire risk of using the Facility and agrees to take full responsibility for the same.

The Trustee reserves the right to change / modify the terms and conditions of the Facility or withdraw the Facility.

Systematic Transfer Plan (STP)

STP is a facility given to the Unit holders to transfer sums on a periodic basis from one scheme to another schemes launched by the Mutual Fund from time to time by giving a single instruction.

Investors can opt for the STP by investing a lump sum amount in one scheme of the fund and providing a standing instruction to transfer sums at regular intervals.

Particulars	Frequency	Details
Frequency and Transaction Dates	Daily	Every Business Day
	Weekly	
	Fortnightly	
	Monthly	
Minimum number of transfers and minimum amount per STP	Daily	₹ 100/- each per transfer
	Weekly	
	Fortnightly	
	Monthly	

An investor if choosing 29th, 30th or 31st of a month as the STP date, then the STP date will be automatically considered as the first business day of the following month.

If any STP transaction due date falls on a non-Business day, then the respective transactions will be processed on the immediately succeeding Business Day for both the schemes.

Default Frequency - Monthly

The Trustee/ AMC reserves the right to introduce STPs at any other frequencies or on any other dates as the AMC may feel appropriate from time to time. In the event such a day is a Holiday, the transfer would be affected on the next Business Day.

Systematic Withdrawal Plan (SWP)

Unit holders have the benefit of availing the choice of Systematic Withdrawal Plan (SWP). The SWP allows the Unit holder to withdraw a specified sum of money each month/quarter/ half-yearly/ yearly from his investments in the Schemes. SWP is ideal for investors seeking a regular inflow of funds for their needs. It is also ideally suited to retirees or individuals, who wish to invest lump sum and withdraw from the investment over a period of time. The amount thus withdrawn by redemption will be converted into Units at Applicable NAV and the number of Units so arrived at will be subtracted from the Units balance to the credit of that Unit holder. The Unit holder may avail of this Option, after the close of the New Fund Offer Period. Unit holders will have the option to change the amount or the period of withdrawals. The SWP may be terminated by a Unit holder and it will terminate automatically if all the Units are liquidated or withdrawn from the account or the holdings fall below Rs.100/- (subject to the Unit holder failing to invest sufficient funds to bring the value of their holdings to the minimum amount of ₹100/- after the completion of SWP, within 30 days after the balance shall have fallen below the minimum holdings) or upon the Mutual Fund's receipt of notification of death or incapacity of the first Unit holder.

Default Option : Monthly option

Minimum SWP installment size is ₹100/- and in multiples of ₹ 1 thereafter.

Switching Options

Unit holders under the Scheme have the option to switch part or all of their Unit holdings in the Scheme to any other Scheme offered by the Mutual Fund from time to time. The Mutual Fund also provides the investors the flexibility to switch their investments from any other scheme(s) / plan (s) offered by the Mutual Fund to this Scheme. This option will be useful to Unit holders who wish to alter the allocation of their investment among the scheme(s) / plan(s) of the Mutual Fund in order to meet their changed investment needs. The Switch will be affected by way of a Redemption of Units from the Scheme at Applicable NAV, subject to Exit Load, if any and reinvestment of the Redemption proceeds into another Scheme offered by the Mutual Fund at Applicable NAV and accordingly the Switch must comply with the Redemption rules of the Switch out Scheme and the Subscription rules of the Switch in Scheme.

OTM – ONE TIME MANDATE ('FACILITY')

	<p>OTM is a simple and convenient facility that enables the Unit holders to transact in the Schemes of the Fund by submitting OTM - One Time Mandate registration with the Fund through e-NACH or UPI autopay facility.</p> <p>It is a one - time registration process wherein the Unit holder(s) of the Scheme(s) of the Fund authorizes his / her bank to debit their account upto a certain specified limit per transaction, on request received from the Fund, as and when the transaction is undertaken by the Unit holder, without the need of submitting cheque or fund transfer letter with every transaction thereafter.</p> <p>This Facility is only available to Unit holder(s) of the Fund who have been assigned a folio number by the AMC.</p> <p>Unit Holder(s) are requested to note that the AMC reserves the right to amend the terms and conditions, or modify, or discontinue the Facility for existing as well as prospective investors at any time in future.</p> <p><u>Process for Investments made in the name of Minor through a Guardian</u></p> <p>Payment for investment shall be accepted from the bank account of the minor or from a joint account of the minor with the guardian only, else the transaction is liable to get rejected. Unit holders are requested to review the Bank Account registered in the folio and ensure that the registered Bank Mandate is in favour of minor or joint with registered guardian in folio. If the registered Bank Account is not in favour of minor or not joint with registered guardian, unit holders will be required to submit the change of bank mandate, where minor is also a bank account holder (either single or joint with registered guardian), before initiation any redemption transaction in the folio, else the transaction is liable to get rejected. For systematic transactions in a minor's folio, AMC will register standing instructions till the date of the minor attaining majority, though the instructions may be for a period beyond that date. Upon the minor attaining the status of major, the minor in whose name the investment was made, shall be required to provide all the KYC details and updated bank account details. No further transactions shall be allowed till the status of the minor is changed to major.</p> <p>For further details with respect to the above mentioned products / facilities, kindly refer to SAI.</p>

II. INFORMATION ABOUT THE SCHEME

A. HOW WILL THE SCHEME ALLOCATE ITS ASSETS?

Asset Allocation

Under the normal circumstances, the asset allocation (% of Net Assets) of Scheme's portfolio will be as follows:

Instruments	Indicative allocations (% of total assets)	
	Minimum	Maximum
Securities covered by Nifty Short Duration G-Sec Index	95%	100%
Debt and Money market instruments*, cash and cash equivalents	0%	5%

**Money market instruments include, but are not limited to Treasury Bills, Commercial Paper of Public Sector Undertakings and Private Sector Corporate Entities, Term Money, Tri-party repo, Certificates of Deposit of Scheduled Commercial Banks, Financial Institutions and Development Financial Institutions, Government securities with unexpired maturity of one year or less and other Money Market securities as may be permitted by SEBI / RBI from time to time and in the manner prescribed under the Regulations.*

A small portion of the net assets will be invested in Debt and money market instruments permitted by SEBI / RBI including call money market or in alternative investment for the call money market as may be provided by the RBI, to meet the liquidity requirements of the scheme.

The Scheme does not intend to undertake/ invest/ engage in the following:

S.No.	Type of Instrument	Percentage of exposure	Circular references
1.	Derivatives	The Scheme will not invest/engage in these instruments.	
2.	Securitized Debt		
3.	Short selling of securities		
4.	Stock Lending and Borrowing		
5.	Repo in corporate debt		
6.	Unrated instruments (except TREPs/ Government Securities/ SDL / Repo in Government Securities);		
7.	Foreign securities/ADR/GDR		
8.	REITs and InvITs		
9.	Instruments having Special Features as defined in SEBI Circular no. SEBI/HO/IMD/DF4/CIR/P/2021/032 dated March 10, 2021;		

10.	Credit Enhancements & Structured Obligations; and	
11.	Credit Default Swap transactions	

The cumulative gross exposure through government securities, repo transactions, money market instruments and such other securities/assets as may be permitted by the Board from time to time, subject to regulatory approvals if any, should not exceed 100% of the net assets of the scheme in terms of para 12.24 of the SEBI Master Circular for Mutual Funds dated June 27, 2024.

However, cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure in line with para 12.24 of the SEBI Master Circular for Mutual Funds dated June 27, 2024.

Further, SEBI vide letter dated November 03, 2021 has clarified that Cash Equivalent shall consist of Government Securities, T-Bills and Repo on Government Securities.

The net assets of the scheme will be invested in securities constituting the Nifty Short Duration G-Sec Index. The Scheme shall be considered to be replicating the underlying index, provided:

- i. The duration of the portfolio of Scheme replicates the duration of the underlying index within a maximum permissible deviation of +/- 10%.
- ii. ETFs/Index Funds replicating a Constant Maturity index may invest in securities with residual maturity within +/-10% of maturity range of the index.

Portfolio Rebalancing

As per SEBI Circular dated May 23, 2022, the Scheme shall be considered to be replicating the index if the duration of the portfolio of the Scheme replicates the duration of the underlying index within a maximum permissible deviation of +/- 10%.

Post any transactions undertaken in the scheme portfolio, in order to meet the redemption and subscription obligations, it shall be ensured that replication of the portfolio with the index is maintained at all points of time, subject to permissible deviations.

The Fund Manager would monitor the Tracking Error of the Scheme on an ongoing basis and would seek to minimise the Tracking Error to the maximum extent possible.

- In case of change in constituents of the index due to periodic review, the portfolio of the scheme shall be rebalanced within 7 calendar days.
- In case the rating of any security is downgraded to below the rating mandated in the index methodology (including downgrade to below investment grade), the portfolio can be rebalanced within 30 calendar days.
- In case the rating of any security is downgraded to below investment grade, the said security may be segregated in accordance with SEBI Circular No. SEBI/HO/IMD/DF2/CIR/P/2018/160 dated December 28, 2018 on "Creation of segregated portfolio in mutual fund schemes".

Change in Asset Allocation:

The above mentioned investment pattern is indicative and subject to the SEBI (MF) Regulations, the asset allocation pattern indicated above may vary from time to time, on account of receipt of maturity proceeds, interest and/or receipt of subscription. As per SEBI Circular no. SEBI/HO/IMD/DF2/CIR/P/2021/024 dated March 04, 2021, the Fund Manager, may deviate from the above investment pattern for a short term period on defensive considerations. The same will be rebalanced within 7 calendar days and further action may be taken as specified under SEBI Circulars/ AMFI guidelines issued from time to time.

Short term defensive consideration:

Subject to SEBI circular no. SEBI/HO/IMD/DF2/CIR/P/2021/024 dated March 04, 2021 and circulars issued thereunder, the asset allocation pattern indicated above may change for a short term period on defensive considerations, keeping in view market conditions, market opportunities, applicable regulations and political and economic factors. These proportions may vary depending upon the perception of the Fund Manager, the intention being at all times to seek to protect the interests of the Unit holders. Such changes in the investment pattern will be rebalanced within 7 calendar days from the date of deviation and further action may be taken as specified under SEBI Circulars/ AMFI guidelines issued from time to time.

Portfolio rebalancing in case of passive breach:

In line with para 3.6.7 of SEBI Master Circular dated June 27, 2024, in case of change in constituents of the index due to periodic review, the portfolio of Scheme shall be rebalanced within 7 calendar days. Further, any transactions undertaken in the portfolio of Index Schemes to meet the redemption and subscription obligations shall be done ensuring that post such transactions replication of the portfolio with the index is maintained at all points of time. However, the portfolio will adhere to the overall investment objectives of the Scheme. However, the same will be rectified at the earliest opportunity as may be available, but not later than 7 calendar days, to minimize the tracking error.

Timelines for deployment of Funds mobilized in a New Fund Offer (NFO)

Pursuant to SEBI Circular dated February 27, 2025, the funds mobilized during the New Fund Offer (NFO) shall be deployed in accordance with the asset allocation pattern of the scheme within 30 business days from the date of allotment of units. In exceptional cases where the AMC is not able to deploy the funds within this period, shall provide an explanation, including details of the efforts made to deploy the funds, to the Investment Committee of the AMC. The Investment Committee may extend the deployment timeline by up to 30 business days and shall provide recommendations to ensure timely deployment in the future.

B. WHERE WILL THE SCHEME INVEST?

The Scheme will invest its corpus in the below instruments:

1. Government of India Securities
2. Tri-Party Repo on Government Securities
3. T-bills/Repo & Reverse Repo
4. Other money market instruments*
5. Cash & Cash equivalents

**Money market instruments include, but are not limited to Treasury Bills, Commercial Paper of Public Sector Undertakings and Private Sector Corporate Entities, Term Money, Tri-party repo, Certificates of Deposit of Scheduled Commercial Banks, Financial Institutions and Development Financial Institutions, Government securities with unexpired maturity of one year or less and other Money Market securities as may be permitted by SEBI / RBI from time to time and in the manner prescribed under the Regulations.*

Please refer to Section II in page no. 39 to 41 for more details on the above instruments.

C. WHAT ARE THE INVESTMENT STRATEGIES?

Zerodha Nifty Short Duration G-Sec Index Fund is an open-ended index fund that seeks to align its performance with that of the Nifty Short Duration G-Sec Index by adhering to a passive, index-based investment methodology. The Scheme aims to replicate the index by investing primarily in the Government Securities that comprise the benchmark, in approximately the same proportion.

A minimum of 95% of the Scheme's total assets will be invested in securities forming part of the underlying index. The remaining portion may be allocated to debt and money market instruments to manage liquidity, cash flow needs, operational expenses, etc.

As a passively managed product, the Scheme does not seek to outperform the index or adopt tactical allocation based on interest rate or macroeconomic views. There is no active security selection, and investment decisions are not influenced by short-term market movements or forecasts.

Temporary deviations from the index composition may occur, particularly around reconstitution or rebalancing events. In such cases, the portfolio shall be rebalanced by AMC within 7 Business Days from the date of said deviation.

Though every endeavour will be made to achieve the objective of the Scheme, the AMC/Sponsors/Trustee does not guarantee that the investment objective of the Scheme will be achieved. No guaranteed returns are being offered under the Scheme.

PORTFOLIO TURNOVER:

Portfolio Turnover is a term used to measure the volume of trading that occurs in a Scheme's portfolio during a given time period. The scheme being an open-ended Debt Index Fund, it is expected that there would be a number of subscriptions and redemptions on a daily basis. Hence, it is difficult to estimate with any reasonable measure of accuracy, the likely turnover in the portfolio. Generally, turnover will depend upon the extent of purchase and redemption of units and the need to rebalance the portfolio on account of change in the composition of the underlying index, if any. The Scheme has no specific target relating to portfolio turnover. The effect of higher portfolio turnover could be higher brokerage and transaction costs (if any).

Portfolio Turnover Ratio: Not Applicable

D. HOW WILL SCHEME BENCHMARK ITS PERFORMANCE?

The Benchmark for the Scheme is Nifty Short Duration G-Sec Index (Total Returns Index).

The above Index has been chosen as the benchmark since the Scheme will invest in stocks which are constituents of Nifty Short Duration G-Sec Index. Thus, the aforesaid benchmark is such that it is most suited for comparing the performance of the Scheme.

Please refer to the Section on Index Methodology at Page No. 45 for more details.

[This space is left blank intentionally]

III. OTHER DETAILS

A. COMPUTATION OF NAV

The Net Asset Value (NAV) per Unit of the Scheme will be computed by dividing the net assets of the Scheme by the number of Units outstanding under the Scheme on the valuation date. The Mutual Fund will value its investments according to the valuation norms, as specified in Schedule VIII of the SEBI (MF) Regulations, or such norms as may be specified by SEBI from time to time.

In case of any conflict between the Principles of Fair Valuation and valuation guidelines specified by SEBI, the Principles of Fair Valuation shall prevail.

NAV of Units of under the Scheme shall be calculated as shown below:

NAV (₹) per Unit =

Market or Fair Value of the Scheme's Investments + Current Assets - Current Liabilities and Provisions
No. of Units outstanding under each Scheme

The NAV of the Scheme will be calculated and disclosed at the close of every Business Day.

The NAV of the Scheme will be calculated up to 4 decimal places.

Methodology for calculation of sale and repurchase price.

Pursuant to SEBI circular no. *SEBI/HO/IMD/DF2/CIR/P/2018/92* dated June 05, 2018 on "Go Green Initiative in Mutual Funds", the methodology of calculating the sale and repurchase price of units is explained with an illustration below:

A) Sale Price:

The Sale Price for a valid purchase will be the Applicable NAV of the respective Scheme i.e. Sale Price = Applicable NAV.

For a valid purchase request of ₹ 10,000, where the applicable NAV is ₹ 10, the units will be allotted as below:

Purchase Amount - ₹ 10,000
Applicable NAV - ₹ 10
No. of Units - 1,000 Units (<i>Purchase Amount/Applicable NAV</i>)

Please note that the entry load has been abolished with effect from August 01, 2009 vide SEBI Circular no. *SEBI/IMD/CIR No. 4/ 168230/09* dated August 01, 2009. Hence, Sale price is equal to the applicable NAV.

B) Repurchase Price:

The Repurchase Price for a valid repurchase will be the applicable NAV reduced by any exit load (say 1%, if redeemed before completion of 1 year). i.e. applicable NAV - (applicable NAV X applicable exit load)

For a valid repurchase request where the applicable NAV is ₹ 10, the repurchase price will be as follows :

Applicable NAV - ₹ 10
Exit Load - 1%
$= 10 - (10 \times 1\%)$
$= 10 - (0.1)$
= ₹ 9.9

Therefore, for the repurchase for 1,000 units, the Investor will receive the proceeds as given below:

No. Of Units - 1,000
Repurchase Price = ₹9.9
$= 1000 \times 9.9$
= ₹ 9,900

Note: Transaction charges and other charges/expenses, if any, borne by the investors have not been considered in the above illustration(s).

The Mutual Fund will ensure that the Redemption Price will not be lower than 95% of the Applicable NAV provided that the difference between the Redemption Price and the Subscription /Purchase Price at any point in time shall not exceed the permitted limit as prescribed by SEBI from time to time, which is currently 5% calculated on the Subscription/ Purchase Price. The Purchase Price shall be at applicable NAV.

For other details such as policies w.r.t computation of NAV, rounding off, investment in foreign securities, procedure in case of delay in disclosure of NAV etc. kindly refer to SAI.

B. NEW FUND OFFER (NFO) EXPENSES

These expenses are incurred for the purpose of various activities related to the NFO like marketing and advertising, Brokerage, registrar expenses, printing and stationery, bank charges etc.

The New Fund Offer expenses of the scheme will be borne by the AMC.

C. ANNUAL SCHEME RECURRING EXPENSES

These are the fees and expenses incurred for the Scheme. These expenses include but are not limited to Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer Agents' fee, marketing and selling costs, listing fee, etc.

The AMC has estimated that the following expenses will be charged to the Scheme as permitted under Regulation 52 of SEBI (MF) Regulations. For the actual current expenses being charged, the investor should refer to the website of the Mutual Fund viz. www.zerodhafundhouse.com

Expense Head	% of daily net assets (estimated) (p.a.)
Investment Management and Advisory Fees	Upto 1.00%
Audit fees/fees and expenses of trustees ¹	
Custodial Fees	
Registrar & Transfer Agent Fees including cost of providing account statements / IDCW / redemption cheques/ warrants	
Marketing & Selling Expenses including Agents Commission and statutory advertisement	
Cost related to Investor Communication	
Cost of fund transfer from one location to another	
Cost towards investor education and awareness ²	
Brokerage and Transaction cost over and above 0.12% and 0.05% on value of trades for cash and derivative market trades only	
GST on expenses other than Investment Management and Advisory Fees ³	
GST on brokerage and transaction cost ³	
Other Expenses	
Maximum Total Expense Ratio (TER) permissible under Regulation 52 (6) ⁴	Upto 1.00%

¹ *Trustee Fees and Expenses*

In accordance with the Trust Deed constituting the Mutual Fund, the Trustee is entitled to receive, in addition to the reimbursement of all costs, charges, and expenses, a yearly fee of ₹ 1. Such fee shall be paid to the Trustee within seven working days of the end of every year. The Trustee may charge further expenses as permitted from time to time under the Trust Deed and SEBI (MF) Regulations.

² *Investor Education and Awareness initiatives*

As per Para F of the SEBI Circular No. CIR/IMD/DF/21/2012 dated September 13, 2012 read with SEBI Circular no. SEBI/HO/IMD/DOF2/P/CIR/2022/69 dated May 23, 2022, the AMC shall annually set apart at least 1 basis points p.a. (i.e. 0.01% p.a.) on daily net assets of the Plan(s) under the Scheme within the limits of total expenses prescribed under Regulation 52 of SEBI (MF) Regulations for investor education and awareness initiatives undertaken.

³ *Refer Point (3) below on GST on various expenses.*

⁴ *The expenses towards Investment Management and Advisory Fees under Regulation 52 (2) and the various sub-heads of recurring expenses mentioned under Regulation 52 (4) of SEBI (MF) Regulations are fungible in nature. Thus, there shall be no internal sub-limits within the expense ratio for expense heads mentioned under Regulation 52 (2) and (4) respectively.*

The purpose of the above table is to assist the Investor in understanding the various costs and expenses that an Investor in the Plan(s) under the Scheme will bear directly or indirectly. The figures in the table above are

estimates. The actual expenses that can be charged to the Scheme will be subject to limits prescribed from time to time under the SEBI (MF) Regulations.

GST

As per Para B of the SEBI circular no. CIR/IMD/DF/21/2012 dated September 13, 2012, GST shall be charged as follows: -

- GST on investment management and advisory fees shall be charged to the Scheme in addition to the maximum limit of TER as prescribed in Regulation 52 (6) of the SEBI (MF) Regulations.
- GST on other than investment management and advisory fees, if any, shall be borne by the Scheme within the maximum limit of TER as prescribed in Regulation 52 (6) of the SEBI (MF) Regulations.
- GST on brokerage and transaction cost paid for execution of trade, if any, shall be within the limit prescribed under Regulation 52 of the SEBI (MF) Regulations.

The total expenses of the Scheme including the Investment Management and Advisory Fee shall not exceed the limits stated in Regulation 52 of the SEBI (MF) Regulations.

The mutual fund would update the current expense ratios on the website (www.zerodhafundhouse.com) at least three working days prior to the effective date of the change and update the TER under the Section titled "Statutory Disclosures" under the sub-section titled "Total Expense Ratio of Mutual Funds".

Illustration: Impact of Expense Ratio on Scheme's return

Expense ratio, normally expressed as a percentage of Average Assets under Management, is calculated by dividing the permissible expenses under the Regulations by the average net assets.

To further illustrate the above, for the Scheme under reference, suppose an Investor invested ₹ 10,000/- (after deduction of stamp duty) under the Direct Plan, the impact of 1% expenses charged will be as under:

Particulars	Direct Plan
Amount invested at the beginning of the year (Rs.)	10,000
Returns before expenses (Rs.)	1,500
Expenses (Rs.)	115
Returns after expenses at the end of the year (Rs.)	11,385
Returns (per annum in %)	13.85%

Note(s):

- The purpose of the above illustration is to purely explain the impact of expense ratio charged to the Plan(s) under the Scheme and should not be construed as providing any kind of investment advice or guarantee of returns on investments.
- It is assumed that the expenses charged are evenly distributed throughout the year.
- Calculations are based on assumed NAVs, and actual returns on your investment may be more, or less.
- Any tax impact has not been considered in the above example, in view of the individual nature of the tax implications. Each investor is advised to seek appropriate advice.

All scheme related expenses including commission paid to distributors, by whatever name it may be called and in whatever manner it may be paid, shall necessarily be paid from the scheme only within the regulatory limits and not from the books of AMC, its associate, sponsor, trustees or any other entity through any route in terms of SEBI circulars, subject to the clarifications provided by SEBI to AMFI vide letter dated February 21, 2019 on implementation of SEBI Circular dated October 22, 2018 on Total Expense Ratio (TER) and performance disclosure for Mutual Fund.

D. LOAD STRUCTURE

Exit Load is an amount which is paid by the investor to redeem the units from the scheme. Load amounts are variable and are subject to change from time to time. For the current applicable structure, please refer to the website of the AMC (www.zerodhafundhouse.com).

Details of Load Structure:

Type of Load	Load Chargeable (% of NAV)
Exit / Redemption Load	Nil

The Trustee / AMC reserves the right to modify / change the Load structure if it so deems fit in the interest of smooth and efficient functioning of the Mutual Fund.

Any imposition or enhancement of Exit Load in the load shall be applicable on prospective investments only. At the time of changing the load structure the AMC / Mutual Fund may adopt the following procedure:

- The addendum detailing the changes will be attached to Scheme Information Document and Key Information Memorandum and displayed on our website www.zerodhafundhouse.com.
- The introduction of the Load along with the details will be mentioned in the acknowledgement issued to the investors on submission of the application and will also be disclosed in the Account Statement or in the covering letter issued to the Unit holders after the introduction of such Load.
- A public notice shall be given in respect of such changes in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of the region where the Head Office of the Mutual Fund is situated. Any other measures which the mutual fund may feel necessary.
- Any other measures which the mutual fund may feel necessary.

B. Risk Factors

Standard Risk Factors

- Investment in Mutual Fund Units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk including the possible loss of principal.
- As the price/ value/ interest rates of the securities in which the Scheme invests fluctuates, the value of your investment in the Scheme may go up or down depending on the various factors and forces affecting the capital markets and money markets.
- Past performance of the Sponsors and their affiliates / AMC / Mutual Fund does not guarantee future performance of the Scheme of the Mutual Fund.
- The name of the Scheme does not in any manner indicate either the quality of the Scheme or its future prospects and returns.
- The Sponsors are not responsible or liable for any loss resulting from the operation of the Scheme beyond the initial contribution of ₹1 lakh each made by them towards setting up the Fund.
- The present Scheme is not a guaranteed or assured return Scheme.

Scheme Specific Risk Factors

The Scheme is subject to the specific risks that may adversely affect the Scheme's NAV, return and / or ability to meet its investment objective. The specific risk factors related to the Scheme include, but are not limited to the following:

Risk specific to investing in securities forming part of Nifty Short Duration G-Sec Index:

- a. Zerodha Nifty Short Duration G-Sec Index Fund is a passively managed Fund i.e., the amount collected under the scheme is invested in securities comprising the underlying index in the same weightages as they have in the underlying index.
- b. The composition of the underlying index is subject to changes that may be affected periodically by the Index Service Provider.
- c. Performance of the underlying index will have a direct bearing on the performance of the scheme.
- d. The extent of the Tracking error may have an impact on the performance of the scheme.

Tracking Error Risk: The Fund Manager would not be able to invest the entire corpus exactly in the same proportion as in the underlying index due to certain factors such as the fees and expenses of

the respective scheme, corporate actions, cash balance, changes to the underlying index and regulatory policies which may affect AMC's ability to achieve close correlation with the underlying index of the scheme. The scheme's returns may therefore deviate from those of its underlying index.

Tracking Difference Risk: The Fund Manager may not be able to invest the entire corpus exactly in the same proportion as in the underlying index or goods due to certain factors such as the fees and expenses of the scheme, corporate actions, cash balance, changes to the underlying index and regulatory policies which may affect AMC's ability to achieve close correlation with the underlying index of the scheme. The scheme's returns may therefore deviate from those of its underlying index. Tracking Difference is the Difference of returns between the Scheme and the Benchmark Index annualized over 1 year, 3 Year, 5 Year, 10 year and Scheme Since Inception period.

The fund manager will endeavour to limit the tracking difference over one-year period within 1.25%. In case the average annualized tracking difference over the 1-year period for Scheme is higher than 1.25%, the same will be brought to the notice of trustees with corrective actions taken by the AMC. However, there can be no assurance or guarantee that the Scheme will achieve any particular level of tracking error/ difference relative to performance of the Underlying Index. Tracking Difference shall be disclosed only if the scheme has completed 1 year period. The Tracking difference shall be disclosed on a monthly basis on the AMC's website viz. www.zerodhafundhouse.com and AMFI website viz. www.amfiindia.com.

Risks associated with Debt and Money Market Instruments or Fixed Income Securities

Credit Risk: This is the risk associated with the issuer of a debenture/bond or a Money Market Instrument defaulting on coupon payments or in paying back the principal amount on maturity. Even when there is no default, the price of a security may change with expected changes in the credit rating of the issuer. It is to be noted here that a Government Security is a sovereign security and is the safest. Corporate bonds carry a higher amount of credit risk than Government Securities. Within corporate bonds also there are different levels of safety and a bond rated higher by a particular rating agency is safer than a bond rated lower by the same rating agency.

Price-Risk or Interest-Rate Risk: From the perspective of coupon rates, debt securities can be classified in two categories, i.e. Fixed Income Bearing securities and floating rate securities. In Fixed Income bearing securities, the coupon rate is determined at the time of investment and paid/received at the predetermined frequency. In the Floating Rate Securities, on the other hand, the coupon rate changes - 'floats' - with the underlying benchmark rate, e.g., MIBOR, 1 yr. Treasury Bill.

Fixed Income Securities (such as Government Securities, bonds, debentures and money market instruments) where a fixed return is offered, run price-risk. Generally, when interest rates rise, prices of fixed income securities fall and when interest rates drop, the prices increase. The extent of fall or rise in the prices is a function of the existing coupon, the payment-frequency of such coupon, days to maturity and the increase or decrease in the level of interest rates. The prices of Government Securities (existing and new) will be influenced only by movement in interest rates in the financial system. Whereas, in the case of corporate or institutional fixed income securities, such as bonds or debentures, prices are influenced not only by the change in interest rates but also by credit rating of the security and liquidity thereof.

However, debt securities in the scheme are intended to be held till maturity. For such securities held till maturity, there will not be any interest rate risk at the end of the tenure.

Floating rate securities issued by a government have the least sensitivity to interest rate movements, as compared to other securities. The Government of India has already issued a few such securities and the Investment Manager believes that such securities may become available in future as well. These securities can play an important role in minimising interest rate risk on a portfolio.

Liquidity Risk: The Indian debt market is such that a large percentage of the total traded volumes on particular days might be concentrated in a few securities. Traded volumes for particular securities differ significantly on a daily basis. Consequently, the scheme might have to incur a significant “impact cost” while transacting large volumes in a particular security.

Reinvestment Risk: Investments in fixed income securities carry reinvestment risk as interest rates prevailing on the coupon payment or maturity dates may differ from the original coupon of the bond.

Basis Risk: The underlying benchmark of a floating rate security or a swap might become less active or may cease to exist and thus may not be able to capture the exact interest rate movements. This may result in loss of value of the portfolio.

Spread Risk: In a floating rate security the coupon is expressed in terms of a spread or mark up over the benchmark rate. During the tenure of the security this spread may move adversely or favourably leading to fluctuations in value of the portfolio. The yield of the underlying benchmark might not change, but the spread of the security over the underlying benchmark might increase leading to loss in value of the security.

Risk of Rating Migration: It may be noted that the price of a rated security would be impacted with the change in rating and hence, there is risk associated with such migration.

The following table illustrates the impact of change of rating on the price of a hypothetical ‘AA’ rated security with a maturity period of 3 years, a coupon of 9.00% p.a. and a market value of ₹ 100. If it is downgraded to ‘A’ category, which commands a market yield of, say, 10.00% p.a., its market value would drop to ₹ 97.51 (i.e. 2.49%). If the security is up-graded to ‘AAA’ category which commands a market yield of, say, 8.00% p.a. its market value would increase to ₹ 102.58 (i.e. by 2.58%). The figures shown in the table are only indicative and are intended to demonstrate how the price of a security can be affected by change in credit rating.

Rating	Yield (% p.a.)	Market Value (Rs.)
Existing Rating of AA	9.00	100.00
If upgraded to AAA	8.00	102.58
If downgraded to A	10.00	97.51

Counterparty and Settlement Risk: Counterparty and settlement risk is the probability that the other party may not fulfil its part of the deal and may default on the contractual obligations. This risk comprises credit and liquidity risk both. Corporate Bond Repo will be settled between two counterparties in the OTC segment unlike in the case of TREPS transactions where CCIL stands as central counterparty on all transactions (no settlement risk). Settlement risk in reverse repo will be

mitigated by requiring the counterparty (entity borrowing funds from the Mutual Fund) to deliver the defined collateral in the account of the MF before the cash is lent to the counterparty. Further, the Mutual Fund will also have a limited universe of counterparties, but not limited to, comprising of Scheduled Commercial Banks, Primary Dealers, Mutual Funds and National Financial Institutions.

Legislative Risk: Changes in government policy in general and changes in tax benefits applicable to Mutual Funds may impact the returns to investors in the scheme.

Prepayment risk: Certain fixed income securities give an issuer the right to call back its securities before their maturity date, in periods of declining interest rates. The possibility of such prepayment may force the fund to reinvest the proceeds of such investments in securities offering lower yields, resulting in lower interest income for the fund.

Different types of securities in which the scheme would invest as given in the SID carry different levels and types of risk. Accordingly the scheme's risk may increase or decrease depending upon its investment pattern. E.g. corporate bonds carry a higher amount of risk than Government securities. Further even among corporate bonds, bonds, which are AA rated, are comparatively more risky than bonds, which are AAA rated.

Risks associated with investing in Tri Party Repo through CCIL (TREPS)

The mutual fund is a constituent member of the securities segment and Tri-party Repo trade settlement of the Clearing Corporation of India (CCIL). All transactions of the mutual fund in government securities and in Tri-party Repo trades are settled centrally through the infrastructure and settlement systems provided by CCIL; thus, reducing the settlement and counterparty risks considerably for transactions in the said segments.

CCIL maintains prefunded resources in all the clearing segments to cover potential losses arising from the default member. In the event of a clearing member failing to honour his settlement obligations, the default Fund is utilised to complete the settlement. The sequence in which the above resources are used is known as the "Default Waterfall".

As per the waterfall mechanism, after the defaulter's margins and the defaulter's contribution to the default fund have been appropriated, CCIL's contribution is used to meet the losses. Post utilisation of CCIL's contribution if there is a residual loss, it is appropriated from the default fund contributions of the non-defaulting members.

Thus, the scheme is subject to risk of the initial margin and default fund contribution being invoked in the event of failure of any settlement obligations. In addition, the fund contribution is allowed to be used to meet the residual loss in case of default by the other clearing member (the defaulting member).

Further, it may be noted that, CCIL periodically prescribes a list of securities eligible for contributions as collateral by members. Presently, all Central Government securities and Treasury bills are accepted as collateral by CCIL. The risk factors may undergo change in case the CCIL notifies securities other than Government of India securities as eligible for contribution as collateral.

Risks associated with investing in Government of India Securities

Interest rate risk: When interest rates rise, bond prices fall; conversely, when rates decline, bond prices rise. The longer the time to a bond's maturity, the greater will be its interest rate risk. Since the scheme would invest in government securities having shorter maturity, interest rate risk would remain but is substantially less compared to long-term G-Secs.

Inflation risk: Inflation causes tomorrow's money to be worth less than today's; in other words, it reduces the purchasing power of a bond investor's future interest payments and principal, collectively known as "cash flows." Inflation also leads to higher interest rates, which in turn leads to lower bond prices.

Legislative risk: The risk that a change in the tax code could affect the value of taxable or tax-exempt interest income.

Liquidity risk: The risk that the fund may have difficulty finding a buyer when they want to sell and may be forced to sell at a significant discount to market value.

Risk factors associated with processing of transactions through Stock Exchange Mechanism

The trading mechanism introduced by the Stock Exchange(s) is configured to accept and process transactions for mutual fund Units in both Physical and Demat Form. The allotment and/or redemption of Units through NSE and/or BSE or any other authorised Stock Exchange(s), on any Business Day will depend upon the modalities of processing viz. collection of application form, order processing /settlement, etc. upon which the Fund has no control. Moreover, transactions conducted through the Stock Exchange mechanism shall be governed by the operating guidelines and directives issued by respective recognized Stock Exchange(s). Accordingly, there could be negative impacts to the investors such as delay or failure in allotment / redemption of units. The Fund and the AMC are not responsible for the negative impacts.

Risks associated with segregated portfolio:

The unit holders may note that no redemption and subscription shall be allowed in the segregated portfolio. However, in order to facilitate exit to unit holders in the segregated portfolio, the AMC shall enable listing of units of segregated portfolio on the recognized stock exchange.

The risks associated in regard to the segregated portfolio are as follows:

- A. The investors holding units of the segregated portfolio may not be able to liquidate their holdings till the time of recovery of money from the issuer.
- B. The security comprising the segregated portfolio may not realise any value.
- C. Listing units of the segregated portfolio on a recognized stock exchange does not necessarily guarantee their liquidity. There may not be active trading of units of the segregated portfolio on the stock exchange.
- D. The trading price of units on the stock exchange may be significantly lower than the prevailing Net Asset Value (NAV) of the segregated portfolio.

E. Risk Mitigation Strategies

The AMC incorporates necessary framework in place for risk mitigation at an enterprise level, and scheme level in accordance with the Risk Management Framework prescribed by the SEBI. The Risk Management division of the AMC is an independent division within the organisation. Internal risk thresholds are defined and judiciously monitored. Risk indicators on various parameters are computed and are monitored on a regular basis. The Risk Management Committee of the Board enables a dedicated focus on risk factors and the relevant risk mitigants from time to time. In addition, to minimise the major risks, the following measures are taken:

Risk description	Risk mitigation
Government of India Securities	The Scheme seeks to mitigate risks by investing exclusively in Government of India Securities forming part of the Nifty Short Duration G-Sec Index, which carry sovereign backing and therefore entail negligible credit and default risk. The short-duration nature of the underlying securities reduces sensitivity to interest-rate movements, while the high depth and transparency of the G-Sec market help minimise liquidity and execution risks. The index's rules-based roll-down methodology provides diversification across eligible issuances and moderates reinvestment and concentration risks, thereby supporting efficient replication and lower tracking error.
Debt and Money Market instruments	<ul style="list-style-type: none"> • Credit Risk: Management analysis will be used for identifying company specific risks. Management's past track record will also be studied. In order to assess financial risk a detailed assessment of the issuer's financial statements will be undertaken. • Price-Risk or Interest-Rate Risk: Securities invested in are short term in nature thereby mitigating the price volatility due to interest rate changes generally associated with long-term securities. • Basis Risk: Securities invested in are fixed rate securities and hence basis risk does not apply. This risk is generally associated with floating rate securities and has a higher bearing on long-term securities. • Spread Risk: Securities invested in are fixed rate securities and hence spread risk does not apply. This risk is generally associated with floating rate securities and has a higher bearing on long-term securities. • Reinvestment Risk: Scheme will primarily invest in securities maturing below 91 days. Reinvestment risk becomes more prevalent in long-term securities and lower time to maturity reduces the impact for the scheme.

	<ul style="list-style-type: none"> • Liquidity Risk: The Scheme will primarily invest in TREPS, government securities, overnight funds and other money market instruments thereby limiting liquidity risk. The liquidity risk for government securities and money market instruments may be low.
Segregated Portfolio	In such an eventuality it will be AMC's endeavour to realise the segregated holding in the best interest of the investor at the earliest.
Tracking Errors	Over a short period, the Scheme may carry the risk of variance between portfolio composition and Benchmark. The objective of the Scheme is to track the performance of the Underlying Index over the same period, subject to tracking error. The Scheme would endeavour to maintain a low tracking error by actively aligning the portfolio in line with the Index.
Risks associated with investing in Tri Party Repo through CCIL (TREPS)	As a member of the securities segment and Tri Party repo segment, maintenance of sufficient margin is a mandatory requirement. CCIL monitors these on a real time basis and requests the participants to provide sufficient margin to enable the trades, etc. Also there are stringent conditions / requirements before registering any participants by CCIL in these segments. Since settlement is guaranteed the loss on this account could be minimal though there could be an opportunity loss.

II. Information about the Scheme

A. Where will the Scheme Invest

Government of India Securities

The Scheme will invest in securities which are constituents of Nifty Short Duration G-Sec Index.

Debt and Money Market Instruments:

Listed debt or money market securities, in accordance with seventh schedule to the SEBI (MF) Regulations, SEBI circular no. SEBI/HO/IMD/DF2/CIR/P/2019/104 dated October 01, 2019 and other guidelines/ circulars as may be amended from time to time.

Tri-party repo (TREPS)

Tri-party repo means a repo contract where a third entity (apart from the borrower and lender), called a TriParty Agent, acts as an intermediary between the two parties to the repo to facilitate services like collateral selection, payment and settlement, custody and management during the life of the transaction. TREPS facilitates borrowing and lending of funds, in a Tri-Party Repo arrangement.

Certificate of Deposit (CD) of scheduled commercial banks and development financial Institutions

Certificate of Deposit (CD) is a negotiable money market instrument issued by scheduled commercial banks and select all-India Financial Institutions that have been permitted by the RBI to

raise short term resources. The maturity period of CDs issued by the Banks is between 7 days to one year.

Commercial Paper (CP)

Commercial Paper (CP) is an unsecured negotiable money market instrument issued in the form of a promissory note, generally issued by the corporates, primary dealers and All India Financial Institutions as an alternative source of short-term borrowings. CP is traded in the secondary market and can be freely bought and sold before maturity.

Treasury Bill (T-Bill)

Treasury Bills (T-Bills) are issued by the Government of India to meet their short-term borrowing requirements. T-Bills are generally issued for maturities of 7 days, 14 days, 91 days, 182 days and 364 days.

Repo

Repo (Repurchase Agreement) or Reverse Repo is a transaction in which two parties agree to sell and purchase the same security with an agreement to purchase or sell the same security at a mutually decided future date and price. The transaction results in collateralized borrowing or lending of funds. Presently in India, G-Secs, State Government securities and T-Bills are eligible for Repo/Reverse Repo.

Securities created and issued by the Central and State Governments as may be permitted by RBI, securities guaranteed by the Central and State Governments (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills). State Government securities (popularly known as State Development Loans or SDLs) are issued by the respective State Government in coordination with the RBI.

Non-convertible debentures and bonds

Non-convertible debentures as well as bonds are securities issued by companies / Institutions promoted / owned by the Central or State Governments and statutory bodies which may or may not carry a Central/State Government guarantee, Public and private sector banks, all India Financial Institutions and Private Sector Companies. These instruments may be secured or unsecured against the assets of the Company and generally issued to meet the short term and long-term fund requirements. The Scheme may also invest in the non-convertible part of convertible debt securities.

Floating rate debt instruments

Floating rate debt instruments are instruments issued by Central / state governments, corporates, PSUs, etc. with interest rates that are reset periodically.

Investment in Short Term Deposits

Pending deployment of funds as per the investment objective of the Scheme, the Funds may be parked in short term deposits of the Scheduled Commercial Banks, subject to guidelines and limits specified by SEBI.

The securities / instruments mentioned above and such other securities the Scheme is permitted to invest in could be listed, unlisted, privately placed, secured, unsecured, rated or unrated and of any maturity.

The securities may be acquired through initial public offering (IPOs), secondary market, private placement, rights offers, negotiated deals. Further investments in debentures, bonds and other fixed income securities will be in instruments which have been assigned investment grade rating by the Credit Rating Agency.

Investment in unrated debt instruments shall be subject to complying with the provisions of the Regulations and within the limit as specified in Schedule VII to the Regulations. Pursuant to SEBI Circular No. MFD/CIR/9/120/2000 dated November 24, 2000; the AMC may constitute committee(s) to approve proposals for investments in unrated debt instruments. The AMC Board and the Trustee shall approve the detailed parameters for such investments. However, in case any unrated debt security does not fall under the parameters, the prior approval of the Board of AMC and Trustee shall be sought.

Investments in Debt and Money Market Instruments will be as per the limits specified in the asset allocation table(s) of the Scheme, subject to permissible limits laid under SEBI (MF) Regulations from time to time.

For applicable regulatory investment limits please refer to below paragraph "What are the Investment Restrictions".

B. What are the investment restrictions?

As per the Trust Deed read with the SEBI (MF) Regulations, the following investment restrictions apply in respect of the Scheme at the time of making investments.

As per Clause 1 of the Seventh Schedule of MF Regulation, the Scheme shall not invest more than 10% of its NAV in debt instruments comprising money market instruments and non-money market instruments issued by a single issuer which are rated not below investment grade by a credit rating agency authorised to carry out such activity under the Act. Such investment limit may be extended to 12% of the NAV of the scheme with the prior approval of the Board of Trustees and the Board of directors of the asset management company.

Within the limits specified in clause 1 of the Seventh Schedule of MF Regulation, a mutual fund scheme shall not invest more than:

- a. 10% of its NAV in debt and money market securities rated AAA issued by a single issuer; or
- b. 8% of its NAV in debt and money market securities rated AA issued by a single issuer; or
- c. 6% of its NAV in debt and money market securities rated A and below issued by a single issuer.

The above investment limits may be extended by up to 2% of the NAV of the scheme with prior approval of the Board of Trustees and Board of Directors of the AMC, subject to compliance with the overall 12% limit specified in clause 1 of the Seventh Schedule of MF Regulation.

Provided that above limit shall not be applicable for investments in Government Securities, treasury bills and tri party repo on Government securities or treasury bills.

Provided further that such limit shall not be applicable for investments in case of debt exchange traded funds or such other funds as may be specified by the SEBI from time to time.

1. The Scheme may invest in another scheme under the same AMC without charging any fees, provided that aggregate inter-scheme investment made by all schemes under the same AMC or in schemes under the management of any other asset management shall not exceed 5% of the net asset value of the Mutual Fund.
2. The Scheme shall not make any investments in:
 - a. any unlisted security of an associate or group company of the Sponsors; or
 - b. any security issued by way of private placement by an associate or group company of the Sponsors; or
 - c. the listed securities of group companies of the Sponsors which is in excess of up to 25% of the net assets.
3. Transfer of investments from one scheme to another scheme in the same Mutual Fund, shall be allowed only if:
 - a. such transfers are made at the prevailing market price for quoted Securities on spot basis (spot basis shall have the same meaning as specified by Stock Exchange for spot transactions.)
 - b. the securities so transferred shall be in conformity with the investment objective of the scheme to which such transfer has been made.
 - c. IST purchases would be allowed subject to the guidelines as specified in SEBI Circular SEBI/HO/IMD/DF4/CIR/P/2020/202 dated October 08, 2020.
5. The Mutual Fund shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relevant securities and in all cases of sale, deliver the securities. Provided further that sale of government security already contracted for purchase shall be permitted in accordance with the guidelines issued by the Reserve Bank of India in this regard.
6. No loans for any purpose may be advanced by the Mutual Fund and the Mutual Fund shall not borrow except to meet temporary liquidity needs of the Schemes for the purpose of payment of interest or IDCW to Unit Holders, provided that the Mutual Fund shall not borrow more than 20% of the net assets of each of the Schemes and the duration of such borrowing shall not exceed a period of six months.
7. The Mutual Fund shall enter into transactions relating to Government Securities only in dematerialised form.
8. The mutual fund shall get the securities purchased / transferred in the name of the fund on account of the concerned scheme, where investments are intended to be of long term nature.
9. In accordance with the guidelines as stated under SEBI circular no. SEBI/HO/IMD/DF2/CIR/P/2019/104 dated October 01, 2019, investments in following instruments as specified in the said circular, as may be amended from time to time, shall be applicable:

- i. The scheme shall not invest in unlisted debt instruments including commercial papers (CPs), other than (a) government securities, (b) other money market instrument and (c) derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc. which are used by mutual funds for hedging.
 - ii. All fresh investments by mutual fund schemes in CPs would be made only in CPs which are listed or to be listed.
 - iii. Further, investment in unrated debt and money market instruments, other than government securities, treasury bills, derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc. by mutual fund schemes shall be subject to the conditions as specified in the said circular:
 - a. Investments should only be made in such instruments, including bills rediscounting, usance bills, etc., that are generally not rated and for which separate investment norms or limits are not provided in SEBI (MF) Regulations and various circulars issued thereunder.
 - b. Exposure of mutual fund schemes in such instruments shall not exceed 5% of the net assets of the schemes. All such investments shall be made with the prior approval of the Board of AMC and the Board of trustees.
10. Pursuant to SEBI Circular no. SEBI/HO/IMD/DOF2/P/CIR/2022/69 dated May 23, 2022 replication of the Index by the Scheme shall be as follows:
- i. The duration of the portfolio of ETF/ Index Fund replicates the duration of the underlying index within a maximum permissible deviation of +/- 10%.
 - ii. ETFs/Index Funds replicating a Constant Maturity index may invest in securities with residual maturity within +/- 10% of maturity range of the index.
 - iii. In case of Target Maturity (or Target Date) ETFs/ Index Funds, the following norms for permissible deviation in duration shall apply:
 - a) For portfolio with residual maturity of greater than 5 years: Either +/- 6 months or +/- 10% of duration, whichever is higher.
 - b) For a portfolio with residual maturity of up to 5 years: Either +/- 3 months or +/- 10% of duration, whichever is higher.
 - c) However, at no point of time, the residual maturity of any security forming part of the
 - d) portfolio shall be beyond the target maturity date of the ETF/ Index Fund.
 - iv. For an index based on G-Sec and SDLs, a single issuer limit shall not be applicable.

The Scheme shall endeavour to follow the guidelines prescribed under SEBI Circular no. SEBI/HO/IMD/DOF2/P/CIR/2022/69 dated May 23, 2022 and circular issued thereunder from time to time.

These investment restrictions shall be applicable at the time of investment. Changes, if any, do not have to be effected merely because, owing to appreciating or depreciations in value, or by reason of the receipt of any rights, bonuses or benefits in the nature of capital or of any Schemes of arrangement or for amalgamation, reconstruction or exchange, or at any repayment or redemption or other reason outside the control of the Fund, any such limits would thereby be breached. If these limits are exceeded for reasons beyond its control, AMC shall as soon as possible take appropriate corrective action, taking into account the interests of the Unit holders.

In addition, certain investment parameters may be adopted internally by AMC, and amended from time to time, to ensure appropriate diversification / security for the Fund. The Trustee Company / AMC may alter these above stated limitations from time to time, and also to the extent the SEBI (MF) Regulations change, so as to permit the Scheme to make its investments in the full spectrum of permitted investments for Mutual Funds to achieve its investment objective. As such all investments of the Scheme will be made in accordance with SEBI (MF) Regulations.

The AMC may alter these above stated restrictions from time to time to the extent the SEBI (MF) Regulations change, so as to permit the Scheme to make its investments in the full spectrum of permitted investments for mutual funds to achieve its respective investment objective. The Trustee may from time to time alter these restrictions in conformity with the SEBI (MF) Regulations. Further, apart from the investment restrictions prescribed under SEBI (MF) Regulations, the Fund may follow any internal norms vis-à-vis restricting / limiting exposure to a particular scrip or sector, etc.

C. Fundamental Attributes

Following are the fundamental attributes of the Scheme, in terms of Regulation 18 (15A) of the SEBI (MF) Regulations:

(i) Type of scheme: An open-ended scheme replicating/tracking the Nifty Short Duration G-Sec Index. A Moderate Interest Rate Risk and Relatively Low Credit Risk.

(ii) Investment Objective:

- a) Main Objective - The primary goal is to provide returns that, before expenses, align with the total returns of the securities represented by the Nifty Short Duration G-Sec Index, subject to tracking error.
- b) Investment Pattern - Please refer to the section “How will the scheme allocate its assets?”

(iii) Terms of Issue:

- a) Liquidity provisions such as listing, repurchase, redemption. Please refer to the section “Highlights/Summary of the Scheme.”
- b) Aggregate fees and expenses charged to the Scheme. Please refer, section “Annual Scheme Recurring Expenses.”
- c) Any safety net or guarantee provided - Not Applicable.

Change in Fundamental Attributes:

In accordance with Regulation 18 (15A) of the SEBI (MF) Regulations, the Trustee shall ensure that no change in the fundamental attributes of the Scheme and the Option thereunder or the trust or fee and expenses payable or any other change which would modify the Scheme and the Option thereunder and affect the interest of Unit holders is carried out by the AMC, unless it complies with sub-regulation (26) of Regulation 25 of the SEBI (MF) Regulations.

Further, in accordance with Regulation 25 (26) of the SEBI (MF) Regulations, the AMC shall ensure that no change in the fundamental attributes of the Scheme or the trust or fee and expenses payable

or any other change which would modify the Scheme and affect the interests of Unitholders shall be carried out unless:

- (i) A written communication about the proposed change is sent to each Unitholder and an advertisement is issued in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of the region where the Head Office of the Mutual Fund is situated; and
- (ii) The Unitholders are given an option for a period of atleast 30 calendar days to exit at the prevailing Net Asset Value without any exit load.

D. Index methodology

The performance of the scheme will be benchmarked against the Nifty Short Duration G-Sec Index TRI.

About the Index

Nifty Short Duration G-Sec Index represents Government of India bonds with a 1 to 3-year Macaulay duration range. .

Highlights

- The index has a base date of September 03, 2001 and a base value of 1000.
- The index is rebalanced and reconstituted on a monthly basis.
- Based on a well-defined, market relevant and rules-based framework, the index is a transparent and objective indicator of G-sec market performance.

Index Constituents as on October 31, 2025:

S.No.	ISIN	Issuer Name	Maturity date	Coupon (%)	Index Weight	Category
